Additional Information :

Printing and Converting

Printable directly on the facestock in all classical processes : flexographic, gravure, silk screen, UV letterpress processes. Excellent conversion characteristics in rotary and flat-bed.

Application and uses

This top-quality high-gloss label paper is designed for multicolor product labels. This product is recommended for applications where clean removability is important.

Shelf Life

One year when stored at 72°F at 50% RH.

Statement of practical use

As with all pressure-sensitive materials, this product should be tested thoroughly under end-use conditions to ensure it meets the requirements of the specific application.
